Continuation of Substance of Interview including description of the general nature of what was discussed: The Examiner called Applicants' representative to discuss two US Patents which were listed on an unconsidered IDS filed June 18, 2003. The Examiner indicated that the US Patents raised a question of patentability for independent claims 10 and 11, and claims which depended from these claims. On October 21, 2004 @ 2:15am, Applicants' representative proposed a solution to circumvent the US Patents. However, on October 25, 2004 @ 10:41am, the Examiner indicated to Mr. Bruner that Applicants' specie (found in claims 107 and 108) would not be embraced by their perspective independent claims. On November 1, 2004 @ 10:43am, Mr. Bruner called the Examiner to give permission to cancel claims 10, 11, 90, 91, 107 and 108 without prejudice of filing a continuation on same.
